

## VENTRICULAR ASSIST DEVICE (VAD) Training

This training will fulfill the 0.5 hour NCCR for VAD and its **FREE!**

Follow these instructions -

Go to:

**<https://www.thoratecu.com/Saba/Web/Main>**

**MAKE SURE YOUR POP UP BLOCKER IS TURNED OFF AND YOU ARE USING INTERNET EXPLORER!**

Register for a new account

You should get an email confirmation of approval within 24 hours.

Log in

Enroll in “HeartMate II Patient Management Guidelines for First Responders with Pocket Controller”

Take the course and short test (80% or higher=successful completion, successful completion is required for NCCR credit)

Print the page that shows the course name and successful completion. (There is no certificate for this course so print this page for proof of course completion and 0.5 hour credit of NCCR VAD. You may have to shrink the view to 60% to capture the entire page with your name in the upper right hand corner of the screen.)

**Just a reminder as this is distributive education: only 1/3 of your total recertification hours can be distributive education.**
